

EMISSION INVENTORY

CATEGORY #313

BURNING OF WASTE MATERIAL RESOURCE RECOVERY PROJECTS

1999 EMISSIONS

Introduction

There were no sources operating within this category. Years ago, some permit applications for proposed resource recovery facilities had been submitted to the District for evaluation. None apparently completed the permit evaluation process (i.e., received a Permit to Operate) and none were operating. Consequently, there were no Base Year emissions for the category.

Methodology

There were no sources operating within this category.

TRENDS

History

There is no historical data for this category.

Growth

No sources are projected to operate in this category, to the year 2010.

Control

No sources are subject to any combustion rules.
